Oatly Oat Drink No Sugars Ambient 6x1L

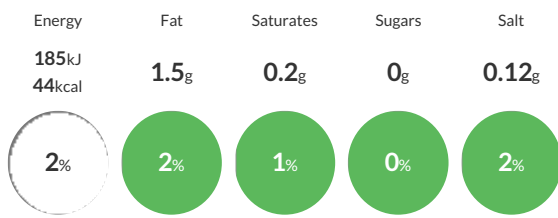

Short Product Name:
Oat Drink No Sugars

It's here! The oat drink most asked for by fitness influencers and regular people who just want less sugar but the same great taste. We made a "no" sugar drink, and it turned out to be the one that best fits with the D.I.Y. culture Oatly was inspired by back in the day. We don't make it with the same production process we use for our other products, which involves breaking down the starch into natural sugar. Instead, this one leaves that process to you. As soon as this no sugar product touches your tongue, your body starts breaking down the carbohydrates into sugar because that's how all food containing natural starch works in the human digestive system. Which makes this a Do-It-Yourself "sweetened" Oatly that leaves you with a less sugary taste. Sweet.
